The 3<sup>rd</sup> France-Russia seminar  
7—9 November, 2007

## New Achievements in Materials and Environmental Sciences NAMES 2007

Paul Verlaine University of Metz  
Île du Saulcy 57000 Metz cedex

## Seminar topics

The state of the art for materials and environment developments will be reviewed by leading scientists from Russia and Lorraine Region.

The seminar will be devoted to the five main themes connected with the ARCUS project **with possible extension to other topics.**

The five main subjects included in Arcus Project are :

- Bulk-Surface-Interface material sciences
- Nanomaterials and nanotechnologies
- Environment and Natural resources
- Plasma physics —ITER Project
- vibration dynamics, fluids and microgravity

The technical program of the seminar will also include:

- Round tables about ARCUS program, Franco-Russian collaborations in technology transfer
- Poster session : the posters will be accessible during the whole seminar to promote spontaneous discussions.

**The proceedings will be published in a special issue of EDS Sciences Journal.**

## Seminar language

The official seminar language is English

All the information is on the web site of the conference :

<http://www.names-conf.net>

## Chairwoman and Chairmen of the seminar

Clotilde Boulanger (France)  
Yu S. Karabasov (Russia)  
Jean Steinmetz (France)

## Coordinator of seminar

Lev Filippov

## Seminar Organizers

Patrice Bourson, Alain Mailfert  
Clotilde Boulanger, Lev Filippov

This seminar is organized by:

**Paul Verlaine University of Metz**

**Henri Poincare University of Nancy**

**INPL of Nancy**

And the laboratories **LETAM, LMOPS, LPMM, LCSM/LEM, LPMD** of the Paul Verlaine University of Metz

## International organizing and scientific committee
